| 1 | Name of the Department/Office | Department of Social Security & Women & Child Development, Punjab |
| 2 | Name of Project | Computerization of Department of Social Security & Women & Child Development, Punjab. |
| 3 | Brief Description about the project | The Department of Social Security and Women & Child Development (Punjab) mainly acts as a bridge between the poor people of the society in the state and the Government. The state as well as central government separately provides the financial assistance to the poor people through various schemes for aged, women, children and disabled persons under each scheme, processes the applications and disburses the payments to the beneficiaries. This project of computerization of Social Security Department has used Information Technology as an effective tool for monitoring/implementing schemes , budget & targets, transfer of funds & disbursement of pension, payments/recoveries of loans. |
